27. (Unclassified - MMP) LIAISON Received a call from Mark Lowenthal, Library of Congress, asking for an unclassified briefing on SALT verification. After checking with [REDACTED] NFAC/CSS, I told Mr. Lowenthal that SALT verification is axiomatically classified and that I did not think that we could help him on an unclassified basis. He then suggested that he could send us a letter asking some specific questions on SALT verification and any answers that we could go back with would be most welcome. I said that we would be pleased to review his questions and, with those in hand, could make a better determination of which, if any, could be handled on an unclassified basis. Apparently he will forward a letter.

28. (Unclassified - MMP) LIAISON Received a call from Richard Boltuck, in the office of Representative Andrew Maguire (D., N.J.), who requested that we send him a copy of the National Intelligence Factbook. After checking, I told him that a new "Factbook" would be coming out in a few weeks and that the old ones are pretty scarce. He said that he would be happy to wait for the new one to be issued. I told him that he would be on the list (via [REDACTED] NFAC/CSS) for the new one when it came out.

✓ 29. (Unclassified - ELS) LIAISON Margie Howe, in the office of Senator Edward Brooke (R., Mass.), called to ask if we had any objections to their reprinting for public use portions of the CIA study entitled "Cost Analysis of U.S. -Soviet Defense Activities." We are checking this out.

30. (Unclassified - ELS) HEARINGS Dan Childs, on the staff of the Senate Select Committee on Intelligence, called to warn that the Select Committee schedule for FY 1979 NFIP hearings is in jeopardy due to Majority Leader Robert C. Byrd's (D., W. Va.) ruling that from now until the end of the Panama Canal Treaty debate, Committee hearings will end two hours after the start of each legislative day. Dan is not sure how much of the schedule this will affect, but thinks it may be substantial.

31. (Unclassified - ELS) LIAISON Delivered the Director's letters on Consolidated Cryptologic Program reprogramming [REDACTED] to the House Permanent Select Committee on Intelligence, Senate Select Committee on Intelligence, House Appropriations Committee and Senate Appropriations Committee.

22. (Unclassified - MMP) LIAISON Bill Lewis, in the Bureau of African Affairs, Department of State, called to ask whether we would object to Dick Moore, Assistant Secretary for African Affairs, sitting in on the CIA briefing of the Senate Foreign Relations Committee on foreign military presence in Africa, scheduled to take place the following morning at 10:00 a.m. Since Mr. Moore had been closely involved in the coordination on the briefing, I saw no objection and told Mr. Lewis that we had no objection.

✓ 23. (Unclassified - MMP) BRIEFING Don Lynch, from the Senate Armed Services Committee staff, called to request that the annual gathering of the Senate Armed Services Committee staff and CIA analysts to discuss the Soviet Naval threat be convened, if possible, on the following Monday. After checking with [] NFAC/CSS, I told Mr. Lynch that almost any week but next week would be fine with the analysts. Mr. Lynch said that he would check with his colleague and come up with a requested date and time during the week of 20 February. 25X1

24. (Unclassified - MMP) LIAISON Donna Lavigne, on the Senate Governmental Affairs Subcommittee on Energy, Nuclear Proliferation and Federal Services staff, called to request that we bring a copy of the SNIE on proliferation for the review of her Staff Director, Leonard Weiss, to review. I said that I would look into getting it down for his review sometime during the week of 13 February.

✓ 25. (Internal Use Only - MMP) LIAISON Called Ann Sauer, on the staff of the Senate Judiciary Committee, to determine whether Senator James Allen (D., Ala.) would accept a briefing on Soviet use of space as a response to his letter. After checking, she told me that the Senator really would prefer a letter, notwithstanding the fact that the letter would be highly classified and would have to be read in the Senate Select Committee on Intelligence office and that the letter would take us roughly three weeks to prepare.

26. (Unclassified - KJS) CONSTITUENT Lanny Hall, in the office of Representative James Wright (D., Texas), called to ask for a CIA brochure and an employment application form on behalf of a constituent, [] Hall asked that this material be sent to his office and he will forward to [] OLC Registry, has been advised. 25X1

25X1 43. [REDACTED] LIAISON Met with Hal Ford, Senate Select Committee on Intelligence staff, who gave me a copy of the Committee's planned release on the A Team-B Team exercise plus additional comments of three Senators. 25X1 38. [] LIAISON Met with David Bushong, Senate Select Committee on Intelligence staff, and Bill Miller, Committee Staff Director, regarding cables I delivered regarding drug trafficking in Panama. Bushong asked me about certain sanitizations from the cables. I assured him, after checking with DDO, that the sanitizations were not additional references. He did, however, request two cables that were referenced in one of those delivered today. I also discussed with him his previous request for ratings and instructions on intelligence. He told me the specific ratings needed were on reports sent to the Committee by the 10 October 1977 letter from George L. Cary.

Both Bushong and Miller were quite concerned about one cable which presented alternative possible U.S. actions to combat drug trafficking in Panama. I put Bushong directly in touch with [] O/SA/DO/O, 25X1 on the secure line regarding this matter. Apparently Bushong was assured that none of these ideas were ever implemented.

25X1 39. [] LIAISON Met with Angelo Codevilla, Senate Select Committee on Intelligence staff, and asked him about the session I heard he had set up about terrorism with [] ITG/DDO. 25X1 I reminded Codevilla that this sort of request had to come through OLC. However, after checking, I confirmed the meeting for 2:00 p.m. tomorrow. Codevilla, Stan Taylor, Abram Shulsky and Catherine Essoyan, also of the Committee staff, will be participating.

25X1 40. [] LIAISON Met with Stan Taylor, Senate Select Committee on Intelligence staff, who said he would review, tomorrow, documents previously assembled for him by [] CSS/NFAC, on 25X1 Soviet detection of nuclear submarines. We tentatively agreed for him to meet with NFAC analysts on this subject on the afternoon of 14 February.

25X1 41. [] LIAISON Met with Don Sanders, Senate Select Committee on Intelligence staff, who gave me a copy of relevant portions of his trip [] 25X1 He asked me to limit dissemination within the Agency on the report as much as possible and I agreed. Sanders asked me about his request of earlier this week for an expeditious clearance for a prospective Senate Ethics Committee secretary. After checking, I informed Sanders a letter from Robert Gambino, D/OS, approving the clearance would be delivered this afternoon by courier.
